

Table Tennis Ireland's (TTI) Statement supporting Drug Free Sport

Table Tennis Ireland has adopted the Sport Ireland Anti-Doping Rules which are compliant with the World Anti-Doping Code. The policy of TTI is that doping is contrary to the spirit of sport and all players have a responsibility to ensure that tennis is free of doping.

TTI's policy is that doping is contrary to the spirit of sport and every member has a duty to ensure that the sport is free of doping.

Membership of **TTI** means that all athletes may be selected for testing. Your membership of **TTI** commits you to agreeing to test and in the case of a minor (U/18) prior written consent of the parent or guardian is required via the initial membership process at Club level, or at selection for competition or through competition entry forms.

All club personnel have a responsibility to ensure that club members are aware of the Irish Anti-Doping Rules and that there is an atmosphere supporting a drug free sport within the club. Anti-Doping Rules are available at [Anti-Doping Rules | Sport Ireland](#)

Once you join **TTI** and enter a competition you accept the fact that you could be drug tested.

The following sections highlight key areas regarding Anti-Doping. **TTI** advises all members to read and understand the anti-doping rules and to understand your responsibilities under the rules. The consequences of not adhering to Anti-Doping rules can be severe for athletes and their support personnel such as coaches and parents, therefore it is critical that any questions/concerns be clarified with either TTI or the Irish Sports Council.
